PREFERRED PROVIDER OPTIONS

WELCOME TO THE CENTER

NATIONAL MICROSCHOOLING CENTER PREFERRED PROVIDER PROGRAM

The National Microschooling Center's Preferred Provider Program is the gateway for select organizations to connect with, and support, The Center's dynamic microschooling community.

Participation in the Preferred Provider Program is by invitation only, and every product, service, and partner is thoroughly vetted by our team to ensure quality, alignment with our mission, and value for our members.

We offer two distinct ways to join:

Option 1: Preferred Provider Listing

Option 2: The Uncommon Exchange – Non-Microschool Membership

OPTION 1. PREFERRED PROVIDER LISTING

For providers who want to be featured in our trusted directory of vetted partners.

The Center team will review your materials and offerings before notifying you of your eligibility. Preference is given to providers offering exclusive discounts to Center member microschools.

Preferred Providers receive:

- A listing in our Preferred Provider Directory—available to members on our secure portal and to the public on our website
- Featured posts about your product or service in our exclusive members' group
- Occasional opportunities to speak at member meetings (as requested by members)

Cost: \$1,000 annually

NATIONAL MICROSCHOOLING CENTER PREFERRED PROVIDER PROGRAM

OPTION 2: THE UNCOMMON EXCHANGE – NON-MICROSCHOOL MEMBERSHIP

For providers who want more than visibility, those ready to actively engage with, and learn from, the Center and our members. This membership offers a deeper connection to the movement, a collaborative learning network, and exclusive insights into the world of microschooling.

Participation is by invitation only and includes a full review of your materials to ensure alignment with our mission, values, and standards.

Members of The Uncommon Exchange receive:

- Preferred Provider listing (if applicable)
- Featured posts about your product or service in our exclusive members' group
- Opportunities to speak at member meetings (when requested by our group)
- Access to a network of other non-microschool members for shared learning
- Quarterly reports with exclusive microschooling insights

Members may share the Center's intellectual property with proper attribution and pending prior review of any materials or communications referencing it.

Cost: \$5,000 annually
